

Sticky Kids

Create Discover Play

Bring your child along to Sticky Kids, a new weekly 1 hour messy fun session starting in September in this area.

This is a child led session where your little one can explore, create and discover with tactile and sensory materials ranging from gloop, sand & water to jelly, glitter and more!

With a different theme each week the children will experience new and fun ways to develop their eye-hand co-ordination and fine motor skills whilst enjoying making things to take home.

All materials and aprons are provided and no booking is required but please remember to dress for mess.

£3.00 per child (£2.00 for each additional child)
